KOPLI KINOKOMPANII

Kopli Kinokompanii was founded in 2006 by producers Anneli Ahven and Kaspar Kaljas and focuses on feature film production and documentaries. It has established a creative environment for wide range of film makers, both debutantes and established, and until now more than 15 films have been completed and brought to the audiences in cinema and TV. Next to original content, Kopli Kinokompanii has been a reliable partner for many international production companies from Sweden, Finland, Latvia, Russia, Italy, Iceland & Germany as co-production partner or service production company.
